Good depth and hue; has that particular array of spice, pepper and licorice seasoning to the black cherry and blackberry fruits of Langi, the cleverly worked percentage of whole bunches in the ferment adding another dimension; there is also a totally delicious envelope of juicy fruit holding the wine together while lengthening the finish

The 2013 Shiraz Cliff Edge sports a deep garnet-purple color and nose of crushed black cherries, blackberries, cloves and vanilla pod with a hint of aniseed. Medium to full-bodied, it coats the palate with warm, seductive black fruit and spice flavors, framed by rounded tannins and lively acid, finishing with very good length.

An outstanding regal, peppery red. It should hang around 20-odd year.
